

AuditComply Offline

You are able to **Manage Non-Conformances** and **Conduct Audits** and **Inspections offline** by using the **iPad app** in order to do this you must:

- Have **Logged in with Wifi** before.
- Selected the **Remember Button** when Logging in.

After this you are able to use **AuditComply Offline**

PLEASE NOTE:

You will need to **Connect to the WiFi again** in order for your **Audits, Inspections** and **Changes to Non-Conformances** to be **Synced** with the Desktop Version.
